

CENSUS 2020

College students are traditionally one of the most under-counted populations in the modern Census. Most college students should be counted in the city/county of their institution! **EKU students not counted in the 2020 Census will cost Madison County potentially millions of dollars!**

Some of the most at-risk for not being counted include students in the following situations:

Living in Split Household /Go Home on Weekends

Voter and Driver's Registration Elsewhere

Live in Off-Campus Rental

Not Listed on Lease (Census Does Not Report to Landlords)

Homeless/ Couch Surfing

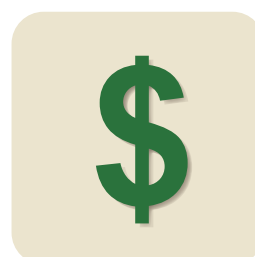

Planning to Move Soon/Recently Moved

Return Home Every Summer

"Permanent Address or Domicile" Listed Elsewhere

Paying Out-of-State Tuition

Not a US Citizen (Census does not share with law enforcement or ICE)

2020 CENSUS

Parents Completed Census:

Everyone over 18 should complete their own Census form. If you are double listed, the Census can correct this. There are no penalties for such accidental listing/counting.

How Faculty Can Help:

- Syllabus Announcement
- In-class reminders/Info after Spring Break
- Discuss how your field/class affected by the Census (education, health, police, transportation, small business loans, grants)
- In-class Census Participation
- Extra credit/Participation Points/Colonels Count Sticker/ Screenshot of Completion/ Attending Census Event
